

Slide/negative/print Scanning

We offer professional scanning services for:

- Virtually ALL types of slides
- Film negatives
- Photo prints

SLIDE/NEGATIVE SCANNING: 2x2 slides (35mm & “super slides”) and 35mm negatives

QUALITY	RESOLUTION	PRINT SIZE	COST (per slide/ image*)
Basic	640x480 px	Web, social media, etc	\$.25
Economy	800x600 px	up to 4x6	.30
Intermediate	1280x960 px	up to 5x7	.35
Hi-res	1600x1200 px	up to 8x10	.40
Super hi-res	2240x1680 px	up to 11x14	.49

*Minimum charge: \$10.00

INCLUDES: basic color correction, sharpening, grain reduction, dust removal. For *enhanced* color correction: add \$1.00 per frame

Scanned images (JPEG) are delivered on a data disc (CD/DVD)... USB flash drive - add \$5.00

Negatives: we must scan every frame on each strip of film (you can't select individual frames on a film strip). Frames are converted to a positive image.

SPECIAL COST-SAVING OPTION

We'll scan your slides at “basic quality” — and post online for you to see. Then you can order “higher quality” scans of your favorite images... and we can print them for you, too.

(Ask about pricing for large formats: professional 120/220 film, 4x5 sheet film, “mass market” films like Kodak instamatic, glass negatives, etc.)

SCANNING - photo prints:

DUPLICATION: extra copies of your scans for the whole family

CD: single copy \$5.00

2-5 copies/same CD \$4.00

6 or more copies/same CD \$3.00

PRINTS OF YOUR FINISHED, DIGITALLY-SCANNED PHOTOS

High-quality, archival photographic prints (not "ink jet" computer prints) -- great for ordering copies of your scanned images:

Size	# copies		
	1-4*	5-9*	10 or more*
4x6	1.00 ea	.80 ea	.60 ea
5x7	1.25 ea	1.00 ea	.80 ea
8x10	5.00 ea	4.00 ea	3.00 ea
8x12	8.00 ea	7.00 ea	5.00 ea
11x14	10.00 ea	8.00 ea	7.00 ea

* Based on # of copies of the same image

IMPORTANT NOTE: normally, photos look best when printed at approximately the same size as the original. We can make larger prints of your restored original — but some quality is always lost when they're "blown-up."
