

# Video Transfer & Copying

**We're equipped to convert video from most old formats to modern DVDs and MP4 video.**

(we are unable to handle U-matic or Betamax tapes at this time)

## **VIDEO TRANSFERRING (from VHS, VHS-C, 8mm or HI-8 tape originals)**

Includes archival DVD, protective paper sleeve, and — if ordered — MP4 files delivered on a “flash” drive

LENGTH <sup>1</sup>	DVD	MP4 <sup>2</sup>	DVD + MP4 <sup>2</sup>
Up to 2 hours (min. charge):	\$25 ea.	\$30 ea.	\$35 ea.
2-4 hours	\$30 ea.	\$35 ea.	\$40 ea.
4-6 hours	\$35 ea.	\$40ea.	\$45 ea.

### **NOTES:**

1-Length = the running time of your tape (one VHS tape can hold up to 2-, 4-, or even 6-hours — depending on recording speed that was used). Each tape is copied to a separate DVD.

2-Includes converting to MP4 files and delivery on a USB “flash” drive. See “Things to think about” below.

### **DUPLICATION: extra copies of your transfers**

DVD: single copy: \$10.00

2-5 copies/same DVD \$5.00

6 or more copies/same DVD \$3.00

## **THINGS TO THINK ABOUT**

### **How are you going to view your new video transfers?**

- DVD player and television set: a traditional DVD will work fine, and — although DVDs may eventually become obsolete — they'll give you years of viewing enjoyment.
- Smart phone, iPad, tablet or laptop: “MP-4” is best — state-of-the-art video files which combine high-quality video with small file size.
- Order BOTH — then you'll be ready for both options.

### **Interested in EDITING?**

- DVD discs cannot be edited: the video is “fixed” on the disc, in the order it was recorded
- MP-4 files can be edited, re-ordered, shortened, etc. on your computer, tablet, iPad or even smartphone! You can download software for “video production” — with music and graphics!

**READY TO ORDER?? Please [CONTACT US](#) so we can discuss your project!**

**COPYRIGHT:** if you have home recordings to transfer — no problem; for copyrighted recordings which you have purchased, the law allows you to make ONE duplicate on a different medium; for such material -- we'll prepare one copy of your video for your own use, and return both recordings to you.
