

Video Production

EACH VIDEO PRODUCTION IS UNIQUE...and a detailed cost estimate is always provided for each project — based on your specific requirements.

Here are some guidelines — based on the examples provided on this website:

Family Events:

Birthday celebrations...anniversaries...graduations...retirements and other occasions. May be recorded using **unobtrusive equipment** -- allowing your event to flow **naturally**. Projects range from a simple documentation of the event to an edited production with the addition of music, titles/graphics, etc.

Approx. \$150-250

Creative Postproduction:

You provide the content (still photos and/or video, music, etc.) — which, after a consultation — is transformed into a **creative video production**. The completed production might be to shown at your wedding rehearsal, family/class reunion, or other event...or delivered as a professionally-designed DVD “gift package.”
