## Slide/negative/print Scanning

[Back to website](#)

We offer professional scanning services for:

- Virtually ALL types of slides
- Film negatives
- Photo prints

### **SLIDE/NEGATIVE SCANNING: 2x2 slides (35mm & “super slides”) and 35mm negatives**

RESOLUTION	DIMENSIONS	FILE SIZE	APPROX. PRINT SIZE	PRICE (First 2 images)	PRICE (after first two)
3000 DPI	4050X2700 px	10.9 MP	9" X 13.5" (hi-resolution)	\$2.95 each	\$.85 each

EXAMPLE: scanning of three slides... 2 x \$2.95 + .85 = \$6.75

INCLUDES: basic color & exposure correction & dust removal

#### **NOTES:**

- For slides that are bent, warped and/or require special handling — add \$.50 per slide
- 3000 DPI scanning is excellent for most purposes — producing a true “hi-resolution” scan
- Scanned images (JPEG) are delivered on a data disc (CD/DVD). USB flash drive (thumb drive) - add \$5.00
- *Enhanced* color correction: custom adjustment of individual images—add \$1.00 per frame

(Ask about pricing for large formats: professional 120/220 film, 4x5 sheet film, “mass market” films like Kodak Instamatic, glass negatives, etc.)

#### **SCANNING - photo prints:**

INCLUDES: basic color/exposure correction (\*Minimum charge: \$10.00)

PHOTO SIZE	PRICE (First 2 images)	PRICE (after 1st two)
Up to 8x10	\$2.95 ea.	\$. 85 ea.
Larger: up to 11x17	5.00 ea.	\$ 1.00

- Each image is oriented, cropped up to the edge of the image and delivered as a JPEG file on a data disc (CD/DVD). USB flash drive - add \$5.00

#### **DUPLICATION: extra copies of your scans for the whole family**

CD: single copy \$3.00      2-5 copies/same CD \$2.50      6 or more copies/same CD \$2.00

On flash drive (thumb drive): \$5.00 ea.

**PRINTS OF YOUR FINISHED, DIGITALLY-SCANNED PHOTOS**

High-quality, archival photographic prints (not “giclee” or computer prints) -- great for ordering copies of your scanned images:

SIZE	PRICE
4x6	1.00 ea
5x7	2.50 ea
8x10	5.00 ea
8x12	8.00 ea
11x14	15.00 ea
16X20	30.00 ea.

**IMPORTANT NOTE:** normally, photos look best when printed at approximately the same size as the original. We can make larger prints of your restored original — but some quality is always lost when they’re “blown-up.”

**ORDERING**

Please send an e-mail to: [gwproductions@webbonline.info](mailto:gwproductions@webbonline.info) so we can begin a conversation about providing the services you’re interested in.

***We also offer [Professional Photo Restoration](#) to make the most of your images after scanning.***
