* Transfer cost is charged per tape (example: 3 one-hour tapes would cost \$75)

DUPLICATION: extra copies of individual videos (ordered at the time of transfer)

DVD: \$5.00 each

FLASH DRIVE: \$10 each

CLOUD STORAGE: we'll store your files in our "cloud space" for 30 days at no charge; after that period, the cost is \$5/month

Copyrighted recordings: if you have home recordings to transfer — no problem. For copyrighted recordings which you have purchased, the law allows you to make ONE duplicate on a different medium (i.e. VHS to DVD). For such material -- we'll prepare ONE copy of your video for your own use, and return both recordings to you.
